CUTTING-EDGE SCIENCE FOR
SUSTAINABLE DEVELOPMENT
(ICCSSD-2024)**

20-21 December, 2024

About The Conference

Department of Chemistry and Biochemistry is privileged to host an International Conference on Cutting-Edge Science for Sustainable Development (ICSSD-2024) that will be taking place on December 20-21, 2024, at Sharda University, Greater Noida-201310, India. This conference is the premium forum that offers a dynamic blend of professionals, experts from working in different areas of chemistry and biology from all around the world and demonstrates their research in both fundamental and applied areas to explore and fostering collaboration that will provide a pathway for future perspective. ICSSD-2024 will feature keynote/invited talks from national and international experts in the sciences which is an excellent opportunity for participants to get exposure to the latest developments in the field of science for sustainable development.

About The Department

The Department of Chemistry & Biochemistry endeavors to be a nationally recognized model for educating students, preparing to compete & contribute to the ever changing technology of the 21st century. To achieve this vision, the Department is committed to provide an excellent teaching & learning atmosphere for students. The Department has excellent infrastructure with smart class rooms, world class laboratories and outstanding research competence. The Department has been actively involved in research work. The department is having pool of learned faculty members who have doctoral and post-doctoral degree from India and abroad. The department is recognized and have sponsored projects from ISRO, DST, SERB and ICMR. The motto of the department is to give the students a glimpse of modern research and to harbor scientific talent.
