About The University

Sharda University has over the years become one of the leading centre of the education, research and innovation in Delhi NCR region, established through an act of state legislature of uttar Pradesh (14of2009). University offers over 216 UGC recognized Programmes/Plans in Various disciplines. It is a part of the renowned Sharda group with operations in area like education, health care and IT. Being the only global university in India that has seen students from 95+ Countries experienced world class faculties and having 270+ global academic partnerships, Sharda University offers a truly international learning environment. That's why it says "The World is here, where are you?" The School of Dental Sciences established in 2006, is a world-class platform where students and faculty cooperate in interdisciplinary education and research that serves its students and patient community, resulting in well-rounded curriculum that produces dentists tremendously skilled in the art and science of dentistry under the direction of exceptionally experienced faculty, students pursue a rigorous course of study at a nationally ranked college through their various degree and certificate programs.

About The Topic

On the occasion of Prosthodontist Day, a single-day denture camp is being organized with the aim of providing affordable and accessible prosthetic care to the community. The camp will be focused on the examination, diagnosis and fabrication of complete dentures. It will also help raise awareness about the importance of oral rehabilitation and the role of prosthodontics in restoring function, esthetics and quality of life. This initiative will reflect a commitment to community service and professional responsibility.

Objectives of Event

The objectives of the programme are as below :

- 1. To provide early diagnosis and affordable prosthetic treatment for edentulous patients.**
- 2. To create awareness about the importance of oral rehabilitation and maintenance of dentures for improving oral health and quality of life.**
- 3. To promote community service and highlight the role of prosthodontists in restoring oral function, esthetics and patient confidence.**
