Sharda University is NAAC A+ University with overall NIRF Rank of 87. Teaching Learning Center at Sharda University is to equip the faculty members with the expertise, skills and knowledge they need for capacity building of students. Teaching as a profession requires highly specialized skills and knowledge to impact significantly on student learning and therefore teachers must rene their conceptual and pedagogical skills.

ABOUT SHARDA SCHOOL OF ALLIED HEALTH SCIENCES (SSAHS)

In order to improve healthcare delivery in the nation, the Sharda School of Allied Health Sciences was founded in 2009 with the goal of developing trained labor in several biomedical science fields. Both the number of students and the number of new, modern courses offered by the school have steadily increased since its establishment. The main way that allied health contributes is by serving as a vital support system for medical professionals and by advancing health in the community. The school provides programs in different domains of undergraduate, postgraduate and PhD. such as Clinical Research, Forensic Science, Nutrition and Dietetics, Physiotherapy, Cardiovascular Technology, Optometry, Medical lab technology and Radio-imaging technology.

ABOUT DEPARTMENT OF FORENSIC SCIENCE

The Department of Forensic Science at Sharda University, under the Sharda School of Allied Health Sciences, offers B.Sc., M.Sc. and Ph.D. programs in Forensic Science. SSAHS started Bachelors in Forensic Science from the academic year 2018 and M.Sc. Forensic Science in the year 2021. This program provide dynamic blend of scientific learning, practical training, and advanced forensic technologies with well-equipped labs, expert faculty, industry collaborations, and hands-on exposure through internships and workshops, the department prepares students for real-world crime scene investigation, laboratory analysis, and research. Its multidisciplinary curriculum—spanning forensic biology, chemistry, digital forensics, questioned documents, ballistics, and more—aims to develop skilled, ethical, and industry-ready forensic professionals. The Department successfully conducted International Conference named International Forensic Forum (IFF) from 2021-2024.

ABOUT THE EVENT

SSAHS proudly announces its 2nd Forensic Science Outreach Program 2026, themed CLUEमंथन(ClueManthan). A dynamic platform designed to bridge scientific learning with creative public engagement. Organized by the Department of Forensic Science, Sharda University, the event aims to inspire curiosity, promote investigative thinking, and showcase the multidisciplinary essence of forensic science. Through Forensic idea/model competition, debate competition, traditional acts with a forensic twist & many more activities the program encourages students to explore the science behind clues and evidence, in an interactive and innovative manner. The event brings together learners, experts, and performers to celebrate forensic awareness and promote scientific temperament in society.

The event constitutes of the following competitions that aims to inspire students to showcase their innovation , skills and critical thinking:

- **Forensi-Con** is a creative model-making competition that encourages students to bring forensic concepts to life through innovation and design. Participants will showcase unique models, experiments, or ideas that reflect their understanding of forensic science principles and real-world applications. The event aims to blend creativity with scientific thinking, offering a platform to explore new perspectives and practical solutions in the world of forensics.
